## Psychology of Enabling & Empowering Students

As a student coach you can learn and equip yourself with the **right tools, techniques and methodologies** to become an **enabler, the inspirer** and the most sought after and passionate ambassador of life potential. You are the **teacher, trainer, counsellor, parent or a people developer.**

Every student is different. Every student is **gifted** with different set of **capabilities** and **talent**. Every student has the **potential** to be nurtured to **excel** in **one's area of expertise**. Every student deserves that **different approach** to grow up.

As a Student Coach you can make that big difference to that student and to those children. You can **help them, enable them and empower them** with the right approach that is right for that individual student.

### Your Benefits of Being the Student Coach

- ✓ Enhance your **abilities** to **identify** and **nurture right strengths**
- ✓ Gain **individual insights** into each one's **unique gifts & talents**
- ✓ Help them work towards **right goals** and **aims**
- ✓ Nurture them to **get the best** out of oneself and **excel** in respective fields
- ✓ Facilitate **positive thought processes, behaviours** and **attitudes**
- ✓ Creating **realistic pathways** to convert **dreams into reality**
- ✓ Making things happen for **immense job satisfaction**

# Student Coach

## Who Should Invest in Being a Student Coach?

- ✓ **Any individual learner, trainer, coach, counsellor or people consultant** interested in empowering and enabling students to learn better and more efficiently, easily and quickly.
- ✓ **Parents and teachers looking for new insights, techniques and tools** from educational and psychological research to help their children to excel and gain
- ✓ This workshop makes you **aware of your children's/ student's individualized learning styles, personality types** and equips you with the skills to work with, rather than against his/ her learning
- ✓ **For the Student coach** knowing the student's learning preferences, facilitates more effective teaching, training or parenting
- ✓ For the **individual learner**, knowing one's learning and thinking strengths empowers his/ her self belief, confidence & learning

## Holistic Array of Psychometric Assessments

- ✓ **Deepens a better clarity between Parents-Children-Teachers/Trainers/Coaches/Counsellors** and provides insights for improved and easier ways to deal with their behaviours and attitudes
- ✓ Acts as a **fact finding tool** to make right academic/career choices through a host of learning & thinking styles
- ✓ Provides a **thorough understanding** of their **natural strengths** (often hidden) that helps to choose the right subjects for greater happiness and rapid progress

	A Personality Profiling Inventory <b>FITS</b>		Learning Styles <b>CARS</b>
	A Profile That Indicates Individual Motivational Preferences <b>4Cs</b>		Learning Styles Preference <b>PRSE</b>
	Learning Styles <b>VAK</b>		Multiple Intelligence <b>MI</b>

- ✓ The TAW Psychometric Assessments help you **spot** the kind of person your **children/students** are
- ✓ You can identify their **special talents** and make **necessary changes in your approach to get the best out**

## Content Design for the Sessions

Helps you find out how your children are different in their mental processes, emotions and inner motivation that make or mar educational outcomes. [F.I.T.S by Carl Jung, 4Cs by William Marston]

An understanding about the **influence of heredity and environment** on children are vital. The **environment** plays a major role in shaping the **hereditary traits**. An **awareness** about these factors help the Student Coach to **create a route map** for the development of their Students.

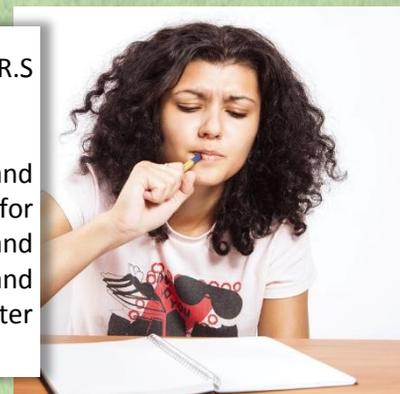

Measures the **relative strengths** of your student's **Learning Styles** by finding out their **hidden strengths** through - [MULTIPLE INTELLIGENCE, VAK, PRSE]

Learning is effective, irrespective for children or adults, when they are taught in their **personal learning style**. This method makes it easy to identify and develop a plan to help improve the students' learning orientation. **"A great way to bond with your student/children and to impart knowledge, for better lives"**

Gives a knowledge and understanding on **Learning & thinking Styles** through [C.A.R.S by Anthony Gregorc]

Being aware of your child's learning style can reduce homework battles and strengthen the **Adult-Child relationships**. "It's very empowering for **Educators/families** to understand each other how their students/children learn and how they think to solve problems. As a Student Coach, the benefits of Learning and thinking Styles and using that knowledge with your students gives them a better **Competitive Edge"**
